

Sibling Bonding

THIS REALLY COULD BE ANYWHERE

After "The Show shorts" slate rolls close up on Meghan looking annoyed and bored. The shot widens and you see that Richard is babbling on and on and on and on. You hear snippets of what he's saying like "And then the Monkey and I got into a good old WWE style match" and "she wasn't even THAT drunk and yet she still gave it to me" and "that wasn't the only time I woke up in a dumpster". (Or whatever Jordan comes up with) Cut to scenes of Meghan's face getting more and more disgusted until...

MEGHAN

RICHARD! Why are you telling me these things?

RICHARD

You called me for advice. I thought you wanted to know about my time in college?

MEGHAN

NO. I wanted your advice on what to get mom for her birthday, you dumbass.

RICHARD

What? It's mom's birthday? Shit, gotta go get her a present.

RICHARD runs out of frame. Leaving Meghan stunned and angry.
